## Profile

I am a software developer currently working at Myanmar Information Technology, with expertise in both backend and frontend technologies. I received formal training from Fairway Technology & Code Lab, where I gained proficiency in Java, PHP, Laravel, and JavaScript, earning certifications for my achievements. At Myanmar Information Technology, I specialize in core banking APIs, mobile banking APIs, and Angular applications. Recognized for my quick learning and problem-solving skills, I am poised to bring my technical expertise to contribute effectively to any professional environment,
